

Vote For ROSS E. FEASTER For State Senator

1. Because he is an active young Democrat, thirty-seven years old, with four years legislative experience, and well qualified to represent the district.
2. Because he is now and has always been opposed to "single tax" on land in any form, and was one of those who helped defeat the "single tax" bill that the Senate passed at the 1917 session of the Legislature.
3. Because his opponent has been honored with the office of State Senator for two terms or eight years, and is now asking for the third term which will give him twelve years in office, if elected.
4. Because being a man of moderate circumstances, he is better able to look after the interests of the common people, and the farmers than a man worth hundreds of thousands of dollars, with nothing in common with the poor man.
5. Because his record shows that he has always opposed the appointment of us less and incompetent clerks in the legislature, and has never placed any member of his own family on the pay roll as clerks.
6. Because he has always advocated laws for better roads, including country roads as well as State Highways.
7. Because he supported and voted for a workmen's compensation law for Missouri.
8. Because he supported all legislation that had for its object the betterment of conditions for delinquent and neglected children.
9. Because as a member of the Legislature from Henry County, he always voted "Dry" and will, if elected to the Senate, continue to vote "Dry."

The New Yard Fence

The country home, with its green lawn, freshly painted buildings—it's pretty, but LOOK AT THE YARD FENCE. It's made of wire, rusted, sagging and broken.

The old rusty wire frame around this beautiful country picture has spoiled it.

SCENE-CHANGES

A country home,

a beautiful, green,

well kept lawn,

freshly painted

buildings, and the

frame around this

picture makes the

home more attractive,

desirable and

inviting. It's the

yard fence. How

pleasing, restful and

inviting in its appearance. It's made

of Cypress Pickets,

and the Pickets are

painted white. They

harmonize with the

home. They contrast

with the green lawn.

This fence seems to bring this

country home out in all its beauty and stamps it on your

memory as the home you would like to own.

This home can be yours. You have the house, the

lawn, and we have the FENCE PICKETS. Let's put it

into its beautiful white frame, where it belongs.

Discard the old rusty, baggy, unsightly wire fence and

finish your picture with the Fence of Beauty. The fence,

made of Cypress the WOOD Eternal.
